## Chasing Fae

A story about introverted leaders and overcoming grief

Grace Richardson is a young mortal woman whose only concerns are providing for her family, playing her violin, and spending as much time as possible with her brother, Leo. When Leo goes into service in the Fae's world as a mercenary, she expects him to return with the honor that he deserves.

When Leo suddenly dies in an unspecified accident, not a word, medal, or penny comes down from the higher-ups. Suspecting foul play, Grace disguises herself as a Fae and sneaks into the Upper Realm to get some answers. She anticipates being in way over her head, but the Fae soldier who discovers her true identity only a day in? Not so much.

Now Grace is forced to drag Aiden along as she tries to work out exactly how and why her brother died. Along the way, she has no choice but to confront her prejudices against the Fae as she attempts to sort out the difference between the honest and the dishonest. Political conspiracies, demon realm escapades, and family secrets will all lead Grace to the answers she's looking for... and some that she isn't.

### Testimonials

"Cady Hammer has spun a riveting world with engaging characters, a whirlwind plot, and a healthy dose of mystery to pull the reader along. I was hooked from the first page (not many books can tear my attention away from Brandon Sanderson's writing, but this one did - and that is the highest praise I can give!). I look forward to reading more of Hammer's work, and watching her rise to the top of her genre."

- **D. M. Cain, Author of the *Light and Shadow Chronicles* series**

Hammer beautifully describes every scene Grace steps in, giving vivid details of the realms. Overall this is really a good book if you love everything Fae, love fantasy, slow-burning romance, and strong female protagonists. This is the perfect YA novel for you. - **Miriam Yvette, Author of the *Black Wings* series**

### Author Bio

From the time she was a child of eleven, writing her first novel between classes, Cady Hammer explored her world through her imagination. She was often teased for being in her own world, but never hesitated to invite others along on the adventure. As she grew older, Cady's studies in history and anthropology set the stage for the detailed worldbuilding that lets readers step into the story. Her stories explore the complexities of relationships crafted around the idea that love, friendship, and grief are all interwoven.
